

Why not have a Craft PARTY at Stamparty?

- We can accommodate parties of up to eight children aged six years and above.
- The parties are held in the 'make & take' area of our shop and are two hours in duration.
- We are flexible enough to arrange themes to suit individual children & are always happy to listen to your ideas &, whenever possible, organise activities accordingly.
- Although we do not provide food, you are welcome to bring your own & make full use of our facilities, for this reason the structure of the party is flexible. We would suggest one & a half hours of supervised crafting followed by half an hour for eating.
- We require at least one of the host child's parents or guardians to remain at the party for the duration of the event. A Stamparty Craft Party is a hands on experience for everyone involved and we aim to provide an enjoyable experience for both adults and children alike.
- You will be provided with party invitations to send to your guests before the party as well as thank you notes for use after the event. We will provide a party bag for each child to take away the items they have made. There will also be a small gift for your child if the party is for a Birthday.
- The cost of a Stamparty Craft Party is £8.00 per child & a minimum of six children are required per party. In order to book we require a deposit of £25 per party. Please request a booking form & bring it with your deposit to the shop, alternatively we can accept telephone bookings with a credit or debit card.

And don't forget our craft workshops too!

- We run children's craft workshops most Saturday mornings. They also operate during the same times on some weekday mornings during school holidays.
- The workshops last for an hour & a half, from 10:30 am until 12:00 pm and the best thing is that, unlike parties, no adults are required to stay. So, Mums & Dads, you can have a morning shopping or enjoying a coffee without the children!
- Please call in to the shop, phone or email for further details.
